About Me

Systems Engineer with experience in IT support, IT infrastructure, networking, and end-user assistance. I have worked in environments where technology continuity was essential, supporting computers, hotel systems, servers, IP telephony, Microsoft 365, and UniFi/Ubiquiti networks. I approach technical problems methodically, communicate clearly, and implement practical solutions that support both users and business operations.

Education

- Licentiate Degree in Systems Engineering — UISIL, 2026
- Bachelor's Degree in Systems Engineering — UISIL, 2024
- Software Quality Control Technician — INA, 561 hours, 2023
- CCNAv7: Introduction to Networks — Cisco Networking Academy, 2022
- Advanced Oral English — INA, 2024

Languages

- Spanish — Native
- English — Advanced

Skills

- L1/L2 IT Support
- Incident Resolution
- Computer Maintenance
- Microsoft 365
- Microsoft Teams
- SharePoint and OneDrive
- UniFi / Ubiquiti
- UDM Pro
- VLANs and STP
- Grandstream IP Telephony
- Uptime Kuma
- Technical Documentation
- End-User Support
- QA and Software Quality Control

Work Experience

PARADOR NATURE RESORT & SPA

Assistant Information Technology Technician
May 2024 – March 2025 | May 2025 – January 2026

- Provided technical support for users, computers, printers, internal systems, and technology services, prioritizing incidents according to their operational impact.
- Performed preventive and corrective equipment maintenance, hardware troubleshooting, and support for hotel systems and servers.
- Supported UniFi/Ubiquiti network infrastructure, including UDM Pro, VLANs, STP, and service monitoring with Uptime Kuma.
- Assisted with the evaluation of more than 200 wireless access points through heat map analysis, channel adjustments, and on-site testing.
- Performed a system-wide configuration update on more than 180 Grandstream phones, significantly reducing the required manual work.
- Organized internal documentation and resources using Microsoft Teams, SharePoint, and OneDrive.

AMAZON CXQO

Machine Learning Data Associate
July 2022 – October 2022

- Reviewed and classified data used in processes related to Just Walk Out Technology.
- Performed data analysis.
- Documented operational processes.

IPL SISTEMAS

IT Support Technician
September 2023 – April 2024

- Performed preventive maintenance on desktop computers, laptops, printers, monitors, and peripherals.
- Inspected equipment and identified wear, recurring failures, and maintenance requirements.
- Completed technical tasks following established equipment inspection and maintenance procedures.
